All yardages are measured to the center of the green. Environmentally sensitive areas are designated by red stakes with green tops. Relief is mandatory. There is no penalty.

## **BANDON PRESERVE**

All net proceeds from Bandon Preserve will benefit Wild Rivers Coast Alliance. The Alliance supports projects on the South Coast of Oregon that are committed to the triple bottom line (conservation, community, and economy). Through promoting healthy fish and species habitat, working landscapes and seascapes, sustainable tourism and local entrepreneurs, The Alliance seeks a thriving South Coast economy while simultaneously restoring and enhancing its critical natural resources.

Bandon Preserve will also protect and preserve the Silvery Phacelia, an endangered plant species whose habitat is threatened by non-native plants. By reclaiming the open sand along Bandon Preserve, the Silvery Phacelia and other native dunes plants will once again be able to flourish.

Enjoy the walk and thank you for helping to preserve the natural beauty on the South Coast of Oregon.
